**Statement of compliance with environmental standards**

Dear Customer,

we declare that ELECTRIS SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ SP.K. endeavors to continuously improve its production processes as one of its overarching tasks, taking care to protect the environment.

It is guided by the following principles:

- 1) Treating environmental management as one of the company's priorities.
- 2) Establishing and maintaining constant contact with representatives of stakeholders interested in the protection and improvement of the environment.
- 3) Establishing requirements and regulations regarding the environmental aspects of the company's operations.
- 4) Raising and developing employees' interest in environmental issues.
- 5) Environmental planning including the entire life cycle of the product.
- 6) Develop a procedure for the endeavor for defined levels of action.
- 7) Provide the necessary resources for organizational, training, and investment purposes.
- 8) Evaluation of environmental actions.
